Hiring Manager  
Royal Bank of Canada  
346 Yonge St, Toronto, ON M4P 2W7  
Front-End Developer

Dear Hiring Manager,

I am writing to express my keen interest in the Front-End Developer position at Royal Bank of Canada. As a highly motivated and results-driven college student studying Computer Programmer Analysis, I am passionate about creating dynamic and user-friendly websites that bring ideas to life.

Throughout my academic career, I have honed my skills in HTML, CSS, and JavaScript, and have completed several projects that demonstrate my ability to design and develop responsive and aesthetically pleasing websites. Those projects allowed me to put my skills into practice and helped me gain hands-on experience in front-end web development.

In addition to my technical skills, I possess excellent analytical and problem-solving abilities, which enable me to troubleshoot and debug complex code efficiently. I am also adept at working collaboratively in a team environment.

I am eager to apply my skills and knowledge in a professional setting, and I believe that Royal Bank of Canada would be an ideal place for me to do so. I am particularly impressed with the company's commitment to using cutting-edge technology to deliver exceptional user experiences, and I am excited about the opportunity to contribute my ideas and creativity to your team.

Thank you for considering my application. I would welcome the opportunity to discuss my qualifications further and how they align with the needs of Royal Bank of Canada. I have attached my resume for your review. Please feel free to contact me at (647) 570- 6312 or at [AllanisJoiceElectra.Sumaya@georgebrown.ca](mailto:AllanisJoiceElectra.Sumaya@georgebrown.ca). I look forward to hearing from you soon.

Sincerely,

Allanis Sumaya
